

Senior Project Contract

Student's Name	
ID #	
Senior English Teacher	
Theme or Overall Topic of Senior Project	

Directions for Seniors: *Choosing a senior project is one of the most important decisions you will make your senior year. The decision process starts with you. Tap into your interests. Talk to your parents about possibilities before making any final decisions on your senior project. While narrowing down your topic you will need to think about: an appropriate mentor for the project portion of the senior project, what your final product will be, learning stretch, and what persuasive paper topic connects with your final product/project.*

Once you have made a decision, fill out this important document, which designates what you plan to do for your senior project. The completed document will be forwarded to the senior project advisory board, a cross-curricular team who approves or denies senior projects. You may be asked to re-submit this form as needed if a section is denied or needs clarification. A project is not approved until all areas are approved.

Mentor Information

Mentor Qualifications:

Why is this individual qualified to be your mentor?
 Have you already been in touch with him/her? How
 will this person help you throughout this process?

Anticipated Cost of Project:

Consider such things as certification fess, class tuition, lesson fess, material costs, etc. This does not have to be exact. Break down the cost in as much detail as you can. If you are uncertain, make an educated guess based on research you have done.

Learning Stretch:

What do you already know about this area of study? What previous experience do you have in this field? How will your final product demonstrate a learning stretch?
